#### **DETAILED ACTION**

#### Information Disclosure Statement

The information disclosure statement (IDS) submitted on 2/9/04 has been considered by the examiner. Ex. Note: US 197,719 appears to be a typo and is not relevant to the invention and therefore was not considered.

### Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Taggert (US 2,817,536 A).

Taggert discloses a stroller ski assembly comprising a leg 19, 20, with ski 18, wherein said ski is on a lower end of the leg and said assembly is able to pivot between a horizontal position and a vertical position, as shown in figures 1-3.

## Allowable Subject Matter

Claim 7 is allowed.

Claims 2-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Art Unit: 3618
